GARDENS

Rock City is a botanical and geological wonder boasting over 400 species of plants, trees, and shrubs that offer beautiful texture and color. Witness the first blooms of spring as they peek out from behind sleeping azaleas or the splendor of fall color as it blazes across the mountain vista. Each step you take along the Enchanted Trail reveals nature renewed.

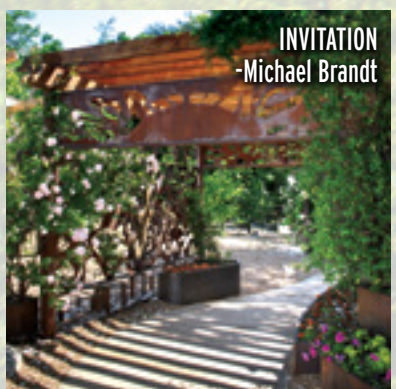

PROMETHEUS
-John Henry

Rock City Gardens features over 400 native species of plants and trees. There is something blooming all year long!

Water traces its way through Rock City in many forms! From the gentle flow of the many babbling brooks to the thundering waterfall at Lover's Leap. Don't forget to make a wish!

INVITATION
-Michael Brandt

Rock City has a continuing legacy in support of the arts. Discover the many sculpture installations of local artists throughout the gardens.

WONDERS

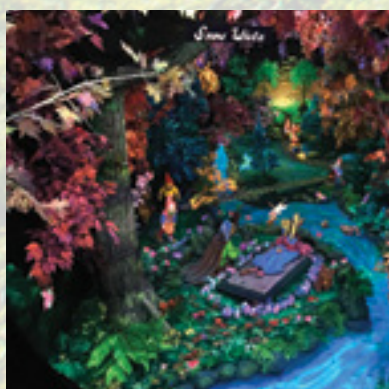

The natural wonders of Rock City never lose their ability to enchant and amaze! Explore monumental rock formations like Grand Corridor and Needle's Eye before reaching the whimsical Mushroom Rock. Come beak-to-beak with Rock City Raptors during our seasonal birds of prey shows, and learn all about these amazing creatures and their place in our local ecosystem.

Rock City is filled with ancient and unique rock formations that you cross over, go around, and trek through as you make your way along the Enchanted Trail.

Each season there is a new reason to visit! Spring surprises with upstart blooms. Autumn is awash with spectacular color. Winter reveals the sculptural qualities of shrubs and trees, and Summer delights with the scent of flowers carried by soft breezes.

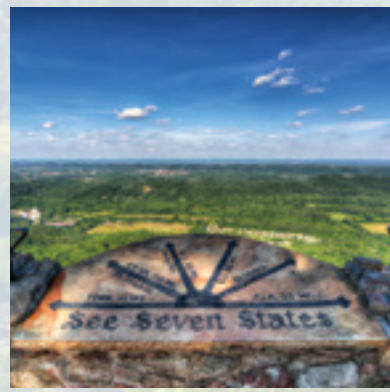

Venture through Fairyland Caverns! A magical, retro realm of day-glow scenes depicting beloved stories and fairytales.
